AUTHOR AND SUBJECT INDEX–ASM NEWS

Volume 39, 1973

Academy governors, 61
African swine fever, 202
Agosteno Bassi Centenniae, 588
Ajello, Libero (Award), 62
American Academy of Microbiology
  Board of Governors, minutes, 130, 526
  Civil Service committee, 320
  committee activities, 262
  committees and representatives (1973-74), 606
  directories available, 606
  Executive Committee, minutes, 320
  Federal Civil Service recognition, 675
  NEC progress report, 393
  new fellows, 262
  new governors, 319
  new registered microbiologists, 731, 785
  new specialist microbiologists, 731
American Association for the Advancement of Science, report of ASM representative, 389
American Board of Medical Microbiology
  Certification by,
  Federal Civil Service recognition, 675
American Institute of Biological Sciences, report of representative, 134
American Lung Association fellowships, 318
American Type Culture Collection, 522
Anaplasmosis in bison, 270
Anaplasmosis threat, 614
Annual business meeting, report, 510
Annual meeting, 73rd, 46
Annual meeting, abstract forms, 660
Annual meeting, 1974 Diamond Jubilee, 712
Annual meeting program, committee report, 323
Antibiotic residues in meat, 614
Antimicrobial Agents and Chemotherapy annual report, 115
APHA committee, 663
Applied Microbiology annual report, 243
Applied microbiology, international conference, 661
Archives, 251
Arctic Bulletin, 658
ASM Conference, first, 587, 658, 710
ASM Foundation, annual report, 396
ASM Publication Board, minutes, 444
Association for Practitioners in Infection Control, 202
ATCC director, 665
Avian myeloblastosis in production, 613
Awards
  Walter F. Goebel, 531
  Charles L. Goldman, 531
  L. Ruth Guy, 531
  Andrew M. Lewis, Jr., 612
  Robert B. Lindberg, 531
  Theodore E. Minor, 665
  H. Boyd Woodruff, 666

Bacillus thuringiensis research, 614
Bacteriological Reviews annual report, 244
Bacteriophages and vaccines, 435
Bard, Raymond C. (*Letters to the editor*), 676
Benarde, Melvin A. (*Letters to the editor*), 616
Bergey's Manual, 8th edition, 254, 763
Bergey's Manual Trust, report, 254
Biocides and government regulations, 104
Biohazard short course, tuition-free, 452
Biology and human welfare, new publication, 194
Black, Luther A. (Obituary), 267
Board of Education and Training report, 127
Book reviews, see p. 832
Books for young people, 256
Botanical Congress, 662
Boyce Thompson Institute, NSF grant, 735
Brandt, William H. (*Letters to the editor*), 616
Braun, J. Werner (Obituary), 62
Brooke, Marion M. ASM representative to Study of Accreditation of Selected Health Educational Programs, 109
Buchanan, Robert E., 200
Buchanan, Robert Earle (Obituary), 732
Buchanan, Robert E. (Tribute), 266
Bulla, Lee A., Jr. Microbial control of insects: a synopsis, 97
Bungay, Henry R., III. Microbiology applied to national needs, 95

California Medical Association, continuing professional education, 529
Campbell, L. Leon, elected president, 45
Candida albicans, research program, 459
Capitation grants, 605
Carcinogens controls, 655
Carski Award nominations, call for, 513
Carski Teaching Award recipient, William G. Walter, 187
CDC laboratory division training courses, 391
Cell cultures, 735
Cell lines available, 798
Cereal grains, virus diseases, 676
Certificates, reissuance of, 675
Certification by ABMM, 782
Chanock, R. M., elected to NAS, 455
Chanock, Robert M. (Award), 61
Chemotherapy congress report, 775
Cholera symposium, 55
Civil Service Committee, AAM, report, 454

Clark, Eloise. NFS Division Director, 381
Clinical laboratory personnel, proficiency examinations, 732
Clinical laboratory standards, committee report, 394
Clinical microbiology, MMS program, 391
Clinical microbiology programs, 672
Committee E-35 on Pesticides, report, 328
Committee of Scientific Society Presidents, 516
Committee reports
  AAAS representative, 389
  Annual meeting, 323
  E-35 on pesticides, 328
  Environmental Microbiology, 386
  Finance, 386
  ICAAC, 387
  Information Science, 388
  NRC representative, 390
  Placement, 325
  Taxonomy, 389
Committee representatives, 1973-74, 592
Contributions of Pasteur to our modern understanding of the role of microbes in the economy of nature, 35
Contributions of the biological sciences to human welfare, a new publication, 194
Contribution to microbial physiology and enzymology, by H. O. Halvorson, 26
Continuing Professional Education, 529
Controlled Ecosystem Pollution Experiment, 460
Coomes, Merquerite (*Letters to the editor*), 735
Copyright Study Group, 133
Cords, Bruce R. President's Fellowship, 189
Core concepts in teaching microbiology to dental students, by Norman P. Willett, 723
Corn blight fungus, 533
Cotton disease research, 461
Council Policy Committee report, 109, 506
Council report, 506
Culture collections, conference, 717
Culture collection maintenance, modern techniques, 260
Cumitechs, 656
Cumulative techniques and procedures in clinical microbiology, 656

Dagley, Stanley (*Letters to the editor*), 616
Darnell, J. E., elected to NAS, 455
Data bank, microbiology, 615
Degree survey, 729
DeMoss, R. D. Training in medical microbiology: renascence or retreat, 673
Dental caries program, 723
Dental microbiology, 723
Department and degree survey, 729
Department of Agriculture research agreements, 144
DeVisser, Arnold. (President's fellowship), 189
Diamond Jubilee, 251
Diamond Jubilee meeting, 712
Dictionary of microbiology, 241
Disability income plan, 250
Divisional officers, 1973-74, 505
Division officers, nominations for 1974-75, 667
Division officers, nominees, 105
Donovick, Richard, ATCC director, 665
Doty, Robert B. Microbiology on stamps, 100, 182, 306, 377, 701, 758
Drinking water standards, 137
Dues, membership, 762
Duma, Richard J., National Foundation for Infectious Diseases, 102

Ecological Research Laboratory, 143
Economic development program, 729
Educational directory available, 522, 728
Edward T. Browning award, 798
Eighth International Congress of Chemotherapy, report, 775
Eisenstark, A. (*Letters to the editor*), 270
Elberg, Sanford S. Pasteur and the prevention of animal diseases: a case history for graduate education, 42
Eli Lilly Award nominations, call for, 512
Eli Lilly Award recipient, Leland H. Hartwell, 187
Emerging need for personnel in medical microbiology, by Frank E. Young, 608
Environmental Microbiology Committee, 386
Environmental Protection Agency Drinking Water Advisory Committee, report of representative, 137
Environmental research, NSF grants, 318
EPA awards, 270
EPA bibliography of research reports, 767
Energy crisis, 761
Etiologic agents, regulations for shipping, 65, 305
Evans, Alice, 573
Executive Director, Search Committee for, 584
Experimental microbial ecology program, 780
Extrachromosomal elements, conference on, 587, 658, 710

Farris, Stephen R. (Award), 604
FDA new drug applications, 722
Federal Civil Service recognition of AAM and ABMM, 675
Federal funds and scientific progress, 227
Feldmeyer, Ceeley T. (President's Fellowship), 189
Fermentation industries, 1973, by D. Perlman, 648
Fermentation industry: servant of man, 29
Film catalog, 525
Film guides, 261
Films
  Methods in anaerobic bacteriology, 605
  Safety films for world distribution, 197
  The unconquered plague: schistosomiasis, 261

Finance Committee report, 108
First Annual Meeting, The World Population Society, 776
First International Congress for Bacteriology, report, 776
Food microbiology, 254
Food microbiology and hygiene, IAMS committee, 254
Food microbiology, laboratory course, 126
Food needs, single cell protein, 517
Foster, E. M. Preservation of foodstuffs and beverages, 32
Foundation for Microbiology Lectures, 387
Foundation for Microbiology, status report, 139
Fourth International Conference on the Global Impacts of Applied Microbiology, 661
Frappier, Armand. Pasteur's inspiring qualities as a human being, 5
Frey, Charles N. (Obituary), 63
From the tartrates to biological architecture, by Evelyn L. Oginsky, 24
Fungal diseases, grants program, 458

Genetic maps, 382
Genetics of industrial microorganisms, working group, 309
Geory, Lucille K., 62
Girard, Kenneth F. (*Letters to the editor*), 203
Global impacts of applied microbiology, 4th international conference, 661
Goebel, Walter F. (Award), 531
Goldman, Charles L. (Award), 531
Golf tournament results, 669
Gonorrhea testing, technology, 796
Group disability income plan (*Letters to the editor*), 461
Guy, L. Ruth (Award), 531

Halvorson, H. O. Contribution to microbial physiology and enzymology, 26
Handler, Philip, honored, 387
Hansen Memorial Award, 533
Hartman, Paul A. (*Letters to the editor*), 146
Hartwell, Leland H. 1973 Eli Lilly Award, 187
Harvey W. Wiley award, 124
Health policy fellowships, 781
Histoplasma capsulatum, research program, 459
Honorary member responses, 106
Hookworm vaccine for dogs, 533
Huang, Alice S. (*Letters to the editor*), 616
Hui, Helen, scholarship award, 205
Humphrey, Arthur Earl, elected to NAE, 455
Hungate, R. E. Contributions of Pasteur to our modern understanding of the role of microbes in the economy of nature, 35
IAMS Committee on Food Microbiology and Hygiene, 254
IAMS Intersectional Congress, 588
IAMS-IUBS, status of relationship, 585
ICAAC committee report, 387
ICAAC program for 1973, 573
ICAAC, report on thirteenth, 715
ICAAC, report on twelfth, 53
Ikari, Norman S. (*Letters to the editor*), 534
Immunological research and diagnosis, summer program in methods, 126
Index of Equine Research, 246
Infection and Immunity annual report, 244
Insect viruses, 735
Insects, control of, 97
International activities, 251
International Conference on Culture Collections, 717
International decade of ocean exploration, 460
International relations committee, NAS-NRC, 735
International science and engineering fair, 1973 awards, 604
Intervirology, 590

James E. Sherman Award, 463
Journal of Bacteriology annual report, 314
Journal of Virology annual report, 245
Juvenile literature for microbiology, 256

Kimble Methodology Award, 195
Kim, Juhee. ZoBell and marine microbiology, 329
Kirber, Maria W. Honored, 455
Klein, Donald A. (*Letters to the editor*), 145

Laboratory training courses, CDC, 391
La Espora, 61, 200
Lamanna, Carl. Lobbying and the professional scientific society, 225
Langlykke, Asger F. Fermentation industry: servant of man, 29
Langlykke, Asger F. (*Letters to the editor*), 204
Latin American newsletter, 200
Latin American plant pathologists, directory, 315
Latin American visiting professorship, 263
Lechevalier, H. Pithariomycetaceae, a new family of Actinomycetales, 269
Lechevalier, Hubert. On prolegomellomicrobiology, 268
Leningrad, Botanical Congress, 662
Letters to the editor
  book review, 616
  brave yeoman farmer, 736
  cold and coliforms, 271
  cyclic nucleotide research, 524
  MCCBW, 616
  microbial production of methane, 398
  microbial production of oil, 615
  mink disease, 736
  page charges, 615
  programmed learning, 616
  reprint covers, 270
  SASHEP, 676
  smallpox vaccinations, 735, 800

tape-recorded sessions, 534
women in microbiology, 798
women and pensions, 799
yellow fever and stamps, 800
Lewis, Andrew M., Jr. Award, 612
Licensure rules (*Letters to the editor*), 203
Lincoln, Ralph E. (Obituary), 457
Lindberg, Robert B. (Award), 531
Lobbying and the professional scientific society, 225
Lwoff, André. Pasteur and the history of experimental medicine, 15

McFeters, Gordon A. (*Letters to the editor*), 271
McLaren, L. C., 61
Manpower questionnaire, 59
Marine environment, US-USSR joint system for monitoring, 797
Marine microbiology, report of U.S.-Japan conference, 191
Marsh, R. F. (*Letters to the editor*), 736
Meat, antibiotic residues, 614
Medical microbiology, personnel needs, 608
Medical microbiology programs, 672, 673
Medical series, The Killers, 734
Medzon, E. L., editor of dictionary, 241
Meetings Board report, 121
Membership dues, 762
Methane, microbial production, 247
Miami Beach, welcome to, 46
Microbial Contamination of Surfaces, APHA committee, 663
Microbial control of insects: a synopsis. Lee A. Bulla, Jr., 97
Microbial ecology, experimental, 780
Microbiological standards of disinfection in hospitals, 253
Microbiological standards of disinfection in hospitals, ad hoc committee, 135
Microbiology in Japan, 755
Microbiology in the general curriculum, 600
Microbiology on stamps. Robert B. Doty, 100, 182, 306, 377, 701, 758
Microbial production of methane on a commercial scale, Robert D. Schwartz, 247
Microbiology applied to national needs. Henry R. Bungay III and George T. Tsao, 95
Microbiology on stamps (*Letters to the editor*), 145
Microflora studies, 438
Mink disease, 614
Minnesota, University of, new M. S. program, 196
Minor, Theodore E. (Award), 665
Minority group biochemists, registry, 793
Minutes of meetings
AAM executive committee, 320
Executive Committee, Board of Governors, Academy, 130
Publications Board, 115
Mortensen, Richard F., President's Fellowship, 189
Mycology courses, 393
Mycology, new grants, 459

NAS-NRC Office of Biochemical Nomenclature, 256
National Cancer Institute, contract to Life Sciences, Inc., 398
National Economic Council of Associations of Health Professions, 393
National Foundation for Infectious Diseases, 102
National Registry of Microbiologists, 198
National Research Council
postdoctoral research associateship, 728
report of ASM representative, 390
National Sanitation Foundation, 133, 256
National Science Foundation
assistant director for education, 586
awards, 124, 195
budget, 186
economic development program, 729
environmental research grants, 318
graduate fellowships, 317
science education programs, 316
scientific equipment grants, 524
NATO science fellowships, 361
NATO Senior Fellowships, 523
NCCLS, new standards, 66
Neter, Erwin. Pasteur's contributions to infectious diseases, 39
New Brunswick Scientific Company Lecture, 387
Newcastle disease research, 798
Newcastle disease virus, exotic, 615
New drug applications, improved processing, 722
NIH retrenchment, 515
NOAA Motion Picture Catalog, 525
Nomenclature, biochemical, 256
Nominations for officers, 1974-75, 505
Norrell, Stephen A., 600

Obituaries
Luther A. Black, 267
Robert Earle Buchanan, 732
Thomas Francis, Jr., 787
Francis and Mary Gordon, 789
E. Reeve Hitchner, 142
Leslie A. Stauber, 397
S. Edward Sulkin, 141
Charles J. Sylvester, 532
Office of Science and Technology, transfer of functions, 185
Officers of new divisions, nominations for 1974-75, 667
Oginsky, Evelyn L., 24
O'Hern, Elizabeth M., Alice Evans, pioneer microbiologist, 573
On prolegomellomicrobiology, by Hubert Lechevalier, 268

Page charges, ASM, 442
Paige, Lowell J., 586
Pappenheimer, Alwin M., elected to NAS, 455
Pasteur and the history of experimental medicine. André Lwoff, 15
Pasteur and the prevention of animal diseases: a case history of graduate education. Sanford S. Elberg, 42
Pasteur's contributions to infectious diseases. Erwin Neter, 39
Pasteur's inspiring qualities as a human being. Armand Frappier, 5
Pasteur symposium, 1
Pensions for professionals, 578
Periodicals relevant to microbiology, 721
Perlman, D. Fermentation industries, 1973, 648
Petricciani, John C., 435
Phosphorus mobility, study at Wisconsin, 797
Pithariomycetaceae, a new family of actinomycetales, by H. Lechevalier, 269
Placement Committee report, 325
Plant pathologists, directory, 315
Pollutants, life in oceans, 460
Porter, J. R. Some correspondence of Pasteur, 8
Porter, J. R., The environment—ours or the microbes'? 173
Postdoctoral research fellowships, 781, 792
Plum Island Animal Disease Laboratory, waste-disposal facilities, 145
Pramer, David (*Letters to the editor*), 398, 534
Preservation of foodstuffs and beverages. E. M. Foster, 32
President's Fellowships, 189, 583
Proficiency examinations for clinical laboratory personnel, 732
Prolegomellomicrobiology, 268
Publications Board minutes, 115

Radiation protection, 591, 672
Registry, new names, 731
Registry of women and minority group biochemists, 793
Reports
  Annual business meeting, 510
  Antimicrobial Agents and Chemotherapy, 115
  Applied Microbiology, 243
  ASM Foundation, 139, 396
  ATCC, 522
  Bacteriological Reviews, 244
  Bacteriology Congress, 774
  Board of Education and Training, 127
  Council, 506

Book Reviews

Ablaski, Dharam V. *Review of* Virology monographs. Vol. 11. Canine distemper virus; Marburg virus, 161
Absorption, distribution, transformation and excretion of drugs, by Peter K. Knoefel, K. C. Huang, H. O. Klingele, Paul G. LeFevre, Thomas G. Scharff, and Ulrich F. Westphal (ed.). *Review by* L. B. Mellett, 432
Accumulation of nitrate. National research council. *Review by* W. S. Silver, 157
Acronyms and initialisms dictionary, by Ellen T. Crowley and Robert C. Thomas (ed.), *Review by* E. L. Medzon, 751
Actinomycetales: characteristics and practical importance, by G. Sykes and F. A. Skinner, (ed.). *Review by* Hubert and Mary P. Lechevalier, 740
Acute inflammation, by J. V. Hurley. *Review by* Stanley Cohen, 496
Adelberg, Edward A. *Review of* Locomotion of tissue cells. Ciba Foundation symposium 14, 820
Adelberg, Edward A. *Review* of The mammalian cells as a microorganism. Genetic and biochemical studies in vitro, 559
A dictionary of drugs. The medicines you use, by Richard B. Fisher and George A. Christie. *Review by* E. L. Medzon, 432
Advanced immunochemistry, by Eugene D. Day. *Review by* Morris Reichlin, 164
Advances in antimicrobial and antineoplastic chemotherapy. Progress in research and clinical application, by Miroslav Hejzlar, Miroslav Semonský, and Stanislav Masák (ed.). *Review by* George H. Warren, 498
Advances in applied microbiology, vol. 15, by D. Perlman (ed.), *Review by* Oldrich K. Sebek, 812
Advances in biology of skin, Vol. XII. Pharmacology and the skin. Proceedings of a symposium held at Gleneden Beach, Ore., 1969, by William Montagna, Engene J. Van Scott, and Richard B. Stoughton (ed.). *Review by* Lee Edelstein, 627
Advances in biomedical engineering, vol. 2, by H. U. Brown and James F. Dickson III (ed.). *Review by* Irvin Levin, 499
Advances in biophysics, vol. 4, by Masso Kotani (ed.). *Review by* Simon Silver, 817
Advances in cancer research, vol. 16, by George Klein, Sidney Weinhouse, and Alexander Haddow (ed.). *Review by* Fred Rapp, 295

Advances in carbohydrate chemistry and biochemistry, vol. 27, by R. Stuart Tipson and Derek Horton (ed.). *Review by* C. E. Ballou, 490

Advances in cell and molecular biology, vol. 2, by E. J. DuPraw (ed.). *Review by* Allan Campbell, 351

Advances in cyclic nucleotide research. Vol. 1. Physiology and pharmacology of cyclic AMP. Vol. 2. New assay methods for cyclic nucleotides. *Review by* David Schlessinger, 415

Advances in enzyme regulation, vol. 10, by George Weber (ed.). Proceedings of the tenth symposium on regulation of enzyme activity and synthesis in normal and neoplastic tissues, Indianapolis, October 1971. *Review by* Phoebe S. Leboy, 552

Advances in enzyme regulation, vol. 11, by George Weber (ed.). *Review by* Allen T. Phillips, 819

Advances in enzymology and related areas of molecular biology, vol. 36, by Alton Meister (ed.). *Review by* Phoebe S. Leboy, 160

Advances in human genetics, vol. 3, by Harry Harris and Kurt Hirschhorn (ed.). *Review by* Bernard S. Strauss, 89

Advances in immunology, vol. 15, by F. J. Dixon and Henry G. Kunkel (ed.). *Review by* Michael E. Lamm, 283

Advances in protein chemistry, vol. 26, by C. B. Anfinsen, Jr., John Edsall, and Frederic M. Richards (ed.). *Review by* Carl Frieden, 490

Advances in tuberculosis research, vol. 18, by Georges Canetti, Hans Birkhäuser, and Hubert Bloch (ed.). *Review by* Jean E. Hawkins, 364

Advances in virus research, vol. 17, by Kenneth M. Smith, Max A. Lauffer, and Frederik B. Bang (ed.). *Review by* Robert R. Wagner, 355

A flexible system of enzymatic analysis, by Oliver H. Lowry and Janet V. Passonneau. *Review by* W. A. Woods, 282

Agin, D. P. (ed.). Perspectives in membrane biophysics. A tribute to Kenneth S. Cole. *Review by* Milton R. J. Salton, 679

A guide to the vocabulary of biological literature. *Review by* E. L. Medzon, 635

Ahearn, D. G., and S. P. Meyers (ed.). The microbial degradation of oil pollutants. Workshop held at Georgia State University, Atlanta, December 1972. *Review by* Carol D. Litchfield, 627

Aida, K. *See* Yamada, K.

A laboratory guide in virology, by Charles C. Cunningham. *Review by* Philip I. Marcus, 633

Albers, J. A. *See* Dunitz, J. D.

ALBERTSON, PER-ÅKE. Partition of all particles and macromolecules. *Review by* Philipp Gerhardt, 86

AL-DOORY, YOUSEF. Chromomycosis. *Review by* Norman F. Conant, 498
